WEST POINT CLASS HANDED DIPLOMAS FRIDAY MORNING

One Hundred and Eight Young
Second Lieutenants Will
Receive Commissions.

Secretary of War in Straight-
forward Speech.

TALKS ABOUT HONOR AND DUTY

West Point, N. Y., Feb. 15.—With plain words of advice as to their future duties—advantages and hardships of an army career—Secretary Taft presented diplomas to 108 members of the graduating class of the United States military academy. The secretary impressed upon the young men who were commissioned as second lieutenants in various branches of the army, that the military service must ever be subordinate to civil government and that it was a soldier's duty to "keep his mouth shut and obey orders."

In time of national danger, he declared, the soldier has his opportunity to achieve a great degree of fame, but in every day life of the army routine there is much that seems tedious and irksome. The affair was entirely informal as the young graduates in their uniforms of gray stepped to the platform to receive their sheepskin scrolls and hearty handshakes for each.

The young soldiers were called to receive their diplomas in order of class standing. The honor of heading the list fell to "Cadet Glen E. Edgerton, of Manhattan, Kas. Taft congratulated him heartily upon his success. George R. Goethals, who stood fourth, is the son of Colonel Goethals, of the engineering corps of the army, who is now in command of the construction of the Panama canal. Col. Goethals was present when his son was handed the diploma.

"We may not have another Panama canal for you to build," said Secretary Taft, "but we will try to find something else that is useful."

Taft remained over night as the guest of Commander Scott. He leaves tomorrow for Hartford, Conn., where he will deliver two addresses. General J. Franklin Bell, chief of staff of the army, also was a distinguished visitor and was received with military honors.

According to orders from the department of war the senior class of the Military academy at West Point was graduated yesterday and the members of the class were given commissions in the army to supply the lack of officers. Mr. Richard Donovan, son of Col. and Mrs. John T. Donovan, of Jefferson street, was one of the graduates, and was graduated with the rank of second lieutenant. Last night the class attended the performance of "The Merry Widow" in a body in New York, and today the class dispersed for their homes over the United States. Mr. Donovan will arrive Tuesday on a visit to his parents until his commission arrives. Mr. Donovan will enter the service of the coast artillery.

OHIO ATTORNEY GENERAL SUDS HOLDING CONCERNS.

Columbus, O., Feb. 15.—Attorney General Wade Ellis struck a blow today at what he believes to be the inequality of leasing and holding companies in the operation of public utilities, by filing suits for sums aggregating over a million in damages against public service corporations, which do not operate their own lines of railroads.

American Auto Leads.

Syracuse, N. Y., Feb. 15.—The American Thomas car has a good lead on the other machines in the New York-to-Paris race. The Italian De Dion and French passed through the city later.

TRAGIC HUMAN DRAMA IS ENACTED AT CINCINNATI.

Cincinnati, Feb. 15.—Robert W. Gott shot to death Dr. Leo Danzinger, a prominent physician who, he imagined, had hypnotized him and wasn't doing what he could to relieve the suffering of an adopted daughter, Anna Belle Spangler, 17 years old, whom he has been attending. The tragedy was at the girl's bedside. The young woman was suffering intensely. She was betrayed by a young man and in a serious condition because of an alleged operation. Gott became a raving maniac after the shooting. Howard Buchanan, the girl's cousin, said to her, "I'm afraid the girl, they were in love. Buchanan recently died of fever and then the girl confessed. Gott moved from West Virginia to hide the girl's shame, but when she was taken sick here he was forced to seek a physician."

Both Rivers Rising at Once Above Pittsburg Promises Most Severe Flood in History of Ohio Valley.

Forty-foot Stage is Predicted
at Paducah by Wednesday
With Rising Tide in Ohio
River.

Pittsburg, Feb. 15.—Warning was issued by the weather bureau for the city to prepare for the worst flood in its history. The Monongahela and Allegheny rivers will reach 30 feet before Sunday morning. The rivers are rising over a foot an hour. Twenty-two feet is the flood stage. All stocks of goods along the river front are being moved.

The river at Paducah rose 1.0 feet during the last 24 hours, showing an accelerated rate of rising and has passed 32 feet. The 40 foot stage will be reached by Wednesday.

Saving Ties.

Owing to the sudden rise in the rivers many tie companies are working with superhuman effort today in an effort to save many thousands of ties from floating away. Up the Tennessee and Cumberland rivers the tie companies have the ties on the bank and the water has reached many of the piles, and those in danger are being loaded into barges as quickly as possible. The Hoosier is up the Tennessee river picking up ties of the Ayer & Lord Tie company that are floating and rescuing ties that are in immediate danger. The river has been rough, but work up the Cumberland and Tennessee rivers has been going on. Regals on the boilers of the Mary Anderson were being rushed to completion today so that the boat may leave as soon as possible for the upper rivers.

The damage to the roads in the county by the heavy rains during the past two days has been less than \$150, according to reports received by Bert Johnson, the road supervisor today. The roads were all placed in first-class condition last summer and although the rivers and creeks have been high, only a few small culverts are reported as damaged or washed away. The two new concrete bridges withstood the deluge without any damage whatever.

NATIONAL LABOR PARTY

New York, Feb. 15.—Labor leaders today announced that organized labor will establish an independent labor party. A resolution will ask the American Federation of Labor to call a convention to organize a national labor party.

FRANK CURD, COLORED, SHOTS WIFE AND THEN KILLS HIMSELF--SHE LIVES

Jealousy Causes 'Steamboat
Deck Hand' to Commit Se-
parate Deed This Morning.

After wounding his wife, who was standing at a window this morning about 11 o'clock, Frank Curd, a negro about 35 years old, walked around the house, in the rear of Gus Reitz's residence, on Broadway between Sixteenth and Seventeenth, and fired two bullets through his own heart. Curd died in a few minutes, supposing that he had killed Alice Curd, his wife. The bullet went through her left hand.

Curd and his wife have been sep-

THIEF LOSES BOOTY.
Some thief with a hole in his pocket, must have been responsible for the entrance and not robbery of A. M. Lacyson & company, Second and Jefferson streets, last night. The desks in the office were prized open and a small drawer ransacked. About 100 stamps were overlooked, but several dollars in small change were taken from the drawer and this morning clerks found the greater part of the money on the floor. It is presumed the burglar had pocketed the money only to lose it by a hole in his pocket as he left. A cheap watch is all that was missed.

NO CONFIRMATION OF SHAH'S ASSASSINATION

London, Feb. 15.—Confirmation is lacking of reports that the shah of Persia was assassinated. Communication with Teheran is always unreliable. It is quite likely the government might wish to delay such news long as possible.

POOL ROOM MANAGERS WARNED KINDLY AGAIN.

Managers of pool rooms have received another warning from Chief of Police Collins that minors must not be permitted to play or to remain about the buildings. This was one of the first orders issued by Mayor Smith when he assumed office, but the managers of the pool rooms have not followed it strictly, it is said, and Chief Collins gave them another warning. When Patrolmen Johnson and Cross gave the instructions to the managers last night boys were in several of the pool rooms.

THE REV. R. T. BROWN DIES AT HUNTINGTON.

Huntington, Tenn., Feb. 15.—The Rev. R. T. Brown, one of Huntington's oldest and most honored citizens, died here aged 79 years. Mr. Brown was born in Humphreys county, but has lived here the greater part of his life. He was married to Miss Nannie Gardner in 1852, and his widow and four children survive him. He was a minister of the Methodist church for a number of years and was beloved by everyone who knew him. The funeral took place today. The surviving children are Mr. Frank Brown, Paducah; Mrs. Joe McCracken and Mrs. I. S. Moore, this city, and Mrs. C. C. Danforth, Nashville.

ated for several months and this morning he went to her home to effect a reconciliation. She would not let him in the door, but stood at the window talking to him through the glass. He pulled a pistol and shot at his wife, but she jumped at the sight of the weapon, and the bullet went through her left hand.

Hearing the screams of his wife, Curd calmly walked a few steps from the window and put two bullets through his heart in quick succession. Henry Seamon went to the scene of the shooting in the patrol wagon and Patrolman Richard Wood was there when Patrolman Wood arrived Curd made his last gasp.

Curd has been regarded as a quiet man, and for many years was coach cleaner for the Illinois Central railroad. Recently he has been a deck hand on the packets out of the harbor. Acting Coroner Charles Emery was called and held an inquest. The verdict was suicide. Alice Curd would is not serious and Dr. Shelly George dressed it. The negro used a pistol of 38 calibre. The shooting took place at a double tenement house on the old Clinton road, between Sixteenth and Seventeenth streets, and was out back of Broadway.

ILLINOIS TAFT'S AGAINST CANNON SAY CHICAGO MEN

Talk of Crystallizing Sentiment of State on Secretary of War.

Uncle Joe Has Plan to Corral Delegates.

SO HE CAN DELIVER VOTES

Chicago, Ill., Feb. 15.—Sudden and startling developments in the Illinois political situation yesterday indicated that Speaker Cannon may not have more than half a dozen of the twenty-five congressional districts for himself in his fight for the presidential nomination, and that the balance will be for Secretary Taft.

"Illinois for Taft" was the legend on a banner swung from the city hall by Corporation Counsel Brundage, who declared that 80 per cent of the sentiment in the state is for Taft and against Cannon, and that there should be a direct expression of the voters of Illinois in the selection of national delegates.

Mr. Brundage's ideas were echoed throughout the political firmament and by nightfall the evidence was at hand in nearly every section of Chicago that a spontaneous and well-defined movement is in progress to secure as many as possible of the fifty-four delegates from Illinois for Taft. The demand for a straightaway and untrammelled selection of national delegates is expected to be made at the meeting of the Republican state committee in Springfield Tuesday.

The situation was such last night that politicians declared that a repudiation of the 1896 contest, when Illinois was won for McKinley in spite of the fight which was made for Senator Cullom on the favorite son proposition, is not only possible, but altogether probable.

To Deliver the State.

Springfield, Ill., Feb. 15.—A scheme to carry off a set of national delegates that can be delivered to an anti-Roosevelt candidate in case "Uncle Joe" Cannon fails to land the presidential nomination was set in motion today. The Republican congressional committee of the Twenty-first district—the Springfield district—met at Litchfield and framed up a method whereby Cannon will be able to pick two national delegates that will not only vote for him as "favorite son" choice, but that will repose quietly in his vest pocket until he trades them off to a reactionary.

The device by which this is to be accomplished is simple. The congressional committee decided to issue a call for a congressional convention to be held at Litchfield March 18, to select the two district delegates to the national convocation in Chicago. The delegates to this congressional convention are to be picked by a coterie of three men in each of the four counties in the district. The chosen three consist of the chairman of the county committee and the two congressional committeemen from each county.

The action at Litchfield was taken despite the fact that the Republican state committee is to hold a meeting at Springfield Tuesday to determine the manner in which delegates to the state and congressional conventions shall be elected.

Committed to Asylum.

A jury, empaneled in circuit court this morning, which was composed of nine lawyers, a reporter for The Sun and two farmers, declared Adam Clark, colored, of unsound mind, and ordered him confined in the Hopkinsville asylum. Clark was arrested by policemen a few nights ago while doing a billy goat stunt by attempting to butt his brains out against a brick wall on Broadway. Since his incarceration in jail he has not improved and, according to the testimony of Deputy Jailor Purchase and one or two prisoners, he is a dangerous and violent lunatic.

HOUSE COMMITTEE FAVORS STEARNS COUNTY MEASURE

Frankfort, Ky., Feb. 15.—(Special.)—The house agreed to report favorably on the bill for forming Stearns county of parts of Whitley, Wayne and Pulaski counties.

There was no quorum at the night session when a formal ballot was taken.

Ballard County Association Men Sued For \$150,000 Damage For Violation of Agreement to Pool.

OLLIE JAMES FOR VICE-PRESIDENT SAY COLLEAGUES

Washington, Feb. 15.—The vice-presidential race is buzzing about the head of Ollie James, the Kentucky congressman. Bryan men in the house are responsible for the boom. Representative Garrett, of Tennessee, says James is the logical candidate, and that he could carry the state, which is doubtful; that he is eloquent, forceful and a man of character.

MANY POOR PEOPLE WANT HELP THIS BAD WEATHER.

There was a noticeable increase of business at the Charity club this morning and before most Paducahans were out on the streets six orders for groceries and seven orders for coal had been filled by Jap Toner, secretary of the Charity club. This sudden pinch was felt by the poor people. Many demands for winter garments were received in addition to the orders for provisions and coal.

Miss Shonts Gets a Duc.

New York, Feb. 15.—Miss Theodosia Shonts, daughter of Theodore P. Shonts, became the bride of Duc, D'Chalmes at noon today, at the Shonts home, after overcoming many obstacles interposed by the bride's father.

Increase in Pay for Enlisted Men.

Washington, Feb. 15.—Gen. Bell, chief of staff, U. S. A., today recommended in person to the house committee on military affairs an increased pay schedule for enlisted men of the army, along the line laid down in the Dick Capron bill, but differing somewhat in scale. His recommendations contained four distinct features: Creation of the grade of warrant officer for the promotion of deserving non-commissioned officers; readjustment of initial rates of pay so that they shall range from \$15 to \$42 as against the range of from \$16 to \$70 in the navy; cash bonus of three months' pay for re-enlistment; and an increase of \$1 to \$9 in pay for high attainment in marksmanship. The corresponding increase in the navy is, some \$2 to \$10. It was estimated by Gen. Bell that if these schedules are adopted the average increase in pay of enlisted men will be 33.3 per cent, making the average monthly pay \$23.64 in the army as against \$33 in the navy.

CYCLONE SWEEPS SOUTHERN STATES KILLING SEVERAL

Tyler was swept by a disastrous tornado yesterday. The storm swept the main residence section of the city, leaving a trail of death and destruction.

Among the known dead in Tyler are C. A. Francis, agent for the Dallas News, his wife and child, about one year old, and a negro named Mose Lee.

Francis' dead body was found one hundred yards from his wrecked home, the body of his child in the street and Mrs. Francis in the wreckage of the building.

Six seriously injured, all members of the family of Ivan Franklin, had been reported. One of the children is expected to die.

In Mississippi.

Laurel, Miss., Feb. 15.—A cyclone swept through the northern part of Jones and southern part of Jasper counties, cutting a swath about a quarter of a mile wide, killing several persons and doing great damage.

Meridian Submerged.

Meridian, Miss., Feb. 15.—One of the most disastrous rainstorms in the history of this section fell here. The rain was accompanied by considerable wind, at times almost reaching the velocity of a cyclone. All lowlands are covered with water, as are railroad tracks at points south of Meridian.

A small negro girl on her way home from school fell into a swollen stream in the eastern suburbs of Meridian and was drowned.

No Time Lost by Organization
in Instituting Proceedings
Against Thirty Farmers, Al-
leged Deserters.

La Center, Ky., Feb. 15. (Special.)—Suits for \$150,000 damages will be filed by the Dark Tobacco Planters' association, of Ballard county against 30 alleged violators of the pooling agreement. The suits are the result of the appellate court's decision that the pool is legal.

At the meeting, at which the decision was reached to file suits, 1,200 farmers were present, and the actions will be begun at the next term of court.

Hoodoo Hang Heavily Over Him.

St. Louis, Feb. 15.—The number "13" figured peculiarly in the undoing of Peter Zibas, whose saloon was closed by License Commissioner Mulvihill.

Zibas opened his saloon on Feb. 3 at 1313 North Ninth street. Thirteen friends imbibed too freely and were stretched out on the floor when Sergeant Lang looked in. The policeman reported the matter to Mulvihill. The case was set for hearing Feb. 13, and Zibas' license revoked. His saloon had been in operation ten days, but he is allowed three days of grace in which to wind up his business. Thus he will have run the saloon just 13 days.

Texas for Bryan.

Fort Worth, Tex., Feb. 15.—The state Democratic executive committee is in session. Bryan's candidacy will be unanimously advised. Fort Worth probably will get the state convention.

Crap Game Pulled.

One crap game was flourishing this afternoon among the roosters on the Dick Fowler at the wharf, when Patrolmen Johnson and Cross made their sudden appearance, and nine unlucky rollers of the bones were marched to police headquarters and all locked up on a charge of gambling. About 30 negroes were standing around the game when the blue coats walked in and several nearly fell into the river in making their escape.

THIBETAN MISSIONARY DEAD.

First Woman to Enter Forbidden Land Expires in Cincinnati.

Cincinnati, Feb. 15.—A telegram was received by the Foreign Christian Missionary society, announcing the death, February 7, at Chatham, Ont., of Dr. Susie Rynhart, the famous woman missionary.

Mrs. Rynhart was the first woman to penetrate Tibet. With her husband and child she was in 1902 within a few miles of the sacred city of Lhasa, when the child was buried in the desert. The same night her husband went out to feed their horses and never returned.

After waiting in vain three days in the desert solitude, Mrs. Rynhart made her way alone, save for a native guide, hundreds of miles through the desert back to the mission outposts.

SEN. CAMPBELL IS IN CITY TODAY-- RETURNS MONDAY

Senator J. Wheeler Campbell is spending the day in the city and will return to Frankfort tomorrow. Senator Campbell said that from expressions he heard on his return and letters he has received he believes his course in the senatorial matter is endorsed by his constituents.

The school legislation, permitting school boards in the first four classes of cities to choose their own books, the companies agreeing to give the rates granted the most favored states, probably will pass, as will the constitutional amendment and the second class city measures. The school license bill is special order for Monday.

Senator Campbell is of the opinion that if the Republicans do not make a deal to unseat Democrats in legislative contests, or Bradley does not withdraw, the deadlock may last throughout the session.

SENDING STORES ENOUGH TO FLEET FOR WORLD TOUR

Biggest Shipment Ever Made
Starts For Cavite, Philip-
pine Island.

Valparaiso Turns Out to Greet
American Naval Force.

VISIT PLEASES EVERYBODY

Washington, Feb. 15.—Twenty-two hundred tons of supplies and stores, the largest shipment ever made to the Philippines, are now en route to Cavite, for the arrival of the battleship fleet. It will suffice to carry the fleet around the world if necessary.

At Valparaiso.

Valparaiso, Chile, Feb. 15.—The American battleship fleet passed Valparaiso and continued its voyage northward for Callao, Peru, the next stopping place. All Valparaiso and thousands from many cities in Chile witnessed the passing of the fleet.

President Montt and other high officials of the republic came out from shore to greet the battleships and almost the entire Chilean navy exchanged salutes with them as they swung around Curauimilla Point and into Valparaiso Bay. In single file, headed by the Chilean cruiser Chacabuco and five Chilean torpedo boat destroyers.

Turning a sharp curve around Curauimilla Point at 2:10 the Chacabuco and the destroyers led the Con-necticut and her sister ships into view of thousands who had waited their appearance since dawn. The spectacle of the fleet stretched in a great semi-circle as seen from the hills around the bay was magnificent.

President Montt and other Chilean officials embarked on the training ship General Baquedano and took a position well out in the harbor. Around the Baquedano the fleet swung at a speed of four knots, firing the presidential salute as they passed in review. It was one hour from the time the head of the fleet entered the bay until the last vessel had passed the president's ship and turned toward the open sea.

Then the Baquedano lifted anchor and escorted the fleet well out of the bay and on its way north. It was a view such as has never before been seen in Valparaiso Bay, and one that will long be remembered by the people of Chile who came miles to see it.

The shipping of the harbor and the principal buildings in the city were dressed for the occasion and the day was observed as a holiday in honor of the fleet. From the picturesque sloping hills dotted with houses, a profusion of bunting and waving of flags were discernible from the bay. The roofs of the Golso Commercial with its two huge towers, the custom house and the large warehouses and other buildings along the circular road skirting the bay front were black with spectators. The enthusiasm of the Chileans was almost boundless, and they cheered lustily as the battleship fleet swung around the reviewing ship, their sides lined with jacks in immaculate white and bands playing patriotic airs. The noise of cheering was lost, however, in that of the saluting guns from the fort and fleet. Altogether 1,200 shots were fired.

After the fleet had passed to the northward a banquet was served on board the General Baquedano by President Montt in honor of the diplomatic corps and his other guests. Toasts were drunk to President Roosevelt and Admiral Evans and his officers, crews and ships. In the city of Valparaiso celebrations of every kind are in progress and everywhere may be heard words of praise for Evans for having honored Valparaiso with a visit.

BLOOD POISON

HUMILIATING-VILE-DESTRUCTIVE

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, which is quickly followed by a red rash on the skin, swollen glands in the groin, falling hair, ulcerated mouth and throat, and often copper colored spots on different parts of the body. As the blood becomes more fully contaminated with the poison, pustular eruptions and sores break out on the flesh, and in extreme cases the nerves and bones are attacked and the finger nails drop off. Then the sufferers find themselves diseased from head to foot with this humiliating, vile and destructive poison. No other disease is so highly contagious; many an innocent person has been inoculated by handling the clothing or using the toilet articles of an infected person. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S. It attacks the disease in the right way by going down into the circulation, and neutralizing and forcing out every particle of the poison. It makes the blood pure and rich, tones up the system, and completely and permanently cures this disease. S. S. S. has cured thousands of cases of Contagious Blood Poison. If you are suffering with this debasing and destructive disease begin the use of S. S. S. and get the poison out of your blood before it permanently wrecks your health. We have a home treatment book on the disease which we will send free to all who wish it, and in addition our physicians will give without charge any medical advice needed. MEETING TUESDAY

REPUBLICAN STATE CENTRAL COMMITTEE CALLED.

Convention Date and Manner of Choosing Delegates—Before Governing Body.

Louisville, Feb. 15.—The Republican state central committee will meet at the Louisville hotel at 1 o'clock Tuesday afternoon next for the purpose of fixing the date of the state convention and the manner in which the delegates to the convention shall be selected. The call was issued yesterday afternoon by Chairman Richard P. Ernst, of Covington. The committee will transact any business that may come before it. At present it is claimed that there are no differences to be adjusted by the committee, and hence the only business outside of hearing from the leaders as to the good of the order will be issuing a call for a convention.

Owing to the fact that the Republican national convention will be held June 16, it makes it necessary that the state convention be held at least thirty days previous to that time. This being the case, the state convention cannot be held later than May 20. The prevailing opinion is that the convention will be held about the middle of May. It is asserted that the weather in April is too treacherous, and it is the first spring month in which farmers can do anything toward preparing for crops, and for this reason May will be a better month in which to hold the convention.

WOMAN'S POWER

The healthy woman; strong mentally and physically, whose ambition and magnetic influence urge men to deeds of grandeur and heroism; such women are all-powerful.

Weak, sick and ailing women have little ambition; their own troubles occupy all their thoughts. They dwell upon their pains, suffer from nervousness and headaches; often are extremely melancholy; and avoid society. For thirty years

LYDIA E. PINKHAM'S VEGETABLE COMPOUND has been saving women from this awful condition.

Mrs. Louise Jung, of 332 Chestnut

St. Louis, Mich., writes:

"I suffered from a very severe female weakness for a long time. Lydia E. Pinkham's Vegetable Compound, restored my health. I hope it will do other women as much good as it has me."

Mrs. Emma Wheaton, of Vienna, W. Va., writes to Mrs. Pinkham:

"I was a walking shadow. My husband insisted upon my writing to you and trying Lydia E. Pinkham's Vegetable Compound, which I did. It relieved all my pains and misery, and made of me a very different woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, that bearing-down feeling, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice.

George Washington, and not Andrew Jackson, was the real originator of the doctrine that "to the victors belong the spoils," according to the discovery made by Mayor Reuben, of this city, who is an outspoken opponent of the civil service reform system. In making this announcement the mayor quoted from a letter of the first president to his secretary of war, Timothy Pickens, dated September 27, 1795, in which Washington declared that the appointment to an important office under his administration of any man not in sympathy with its principles would be political suicide. The mayor said that doctrine was good enough for him. He again expressed his belief that much of the recent reform legislation extorted from the Pennsylvania legislature by the anti-gas lease uprising was unconstitutional. —Philadelphia Dispatch in New York American.

Washington and Spoils.

George Washington, and not Andrew Jackson, was the real originator of the doctrine that "to the victors belong the spoils," according to the discovery made by Mayor Reuben, of this city, who is an outspoken opponent of the civil service reform system. In making this announcement the mayor quoted from a letter of the first president to his secretary of war, Timothy Pickens, dated September 27, 1795, in which Washington declared that the appointment to an important office under his administration of any man not in sympathy with its principles would be political suicide. The mayor said that doctrine was good enough for him. He again expressed his belief that much of the recent reform legislation extorted from the Pennsylvania legislature by the anti-gas lease uprising was unconstitutional. —Philadelphia Dispatch in New York American.

THEATRICAL NOTES

"The Royal Chef."

The dearth of suitable chorus girls is one of the most perplexing problems which producers of musical comedies and spectacles have to face in putting on their production to best advantage and are often forced to unusual methods and expense to recruit their companies in this respect. To secure a large number of girls who are good to look upon and are vocalists and capable of being taught to dance as well as sing, and whose requirements are equal height and weight with the necessary physique, the difficulty is almost unsurmountable. For the "Brothers" in "The Royal Chef" sixteen young ladies are required, each member being five feet in height and weighing exactly 110 pounds, with waist measurement of 30 inches and seven inches around the ankle, equally divided between pronounced blondes and brunettes, the age limit being 22, all of which is essential to make a "broiler." Of this number only six could be found in professional ranks to meet these requirements. The general stage director of "The Royal Chef" finding the New York field far from a fertile one, established recruiting stations in Boston, Pittsburgh, Philadelphia, Chicago and St. Louis, inserting in the local newspaper want columns, advertisements inviting young ladies' applications. Among the thousands of applications, fifty were finally chosen for trial and from this number was selected twelve to complete the "Brothers." It took nearly three months steady rehearsals to perfect them in the various evolutions and intricate dance movements, that have made the "Brothers" the bright particular hit they undoubtedly are. The act is no easy to copy and would have many imitations were it not for the time, trouble and expense in producing, one fact by the way, never included in "The Royal Chef's" management. Laughing at expense and earnestly desiring to please is one motto that repays.

"The Land of Nod."

An unusually delightful amusement event will occur at The Kentucky Tuesday night, when the spectacular production of the famous musical comedy extravaganza, "The Land of Nod," will be presented. It comes under the same management as the recent great success, "Coming Thro' the Rye," and is said to even excel that charming production in all essential points. The audiences are said to be kept laughing or applauding throughout the performance, while at the same time, the striking beauties of the stage furnishing provide a series of constantly changing pictures, which are a positive delight to the eye. "The Land of Nod" is admirable from all points of view. An ingenious story is told by a group of characters of the most original and fantastic conception. Among them are "The Man in the Moon," "The Welsh Rascals," "The Sandman," "The Weatherman," "April Fool," "The King and Queen of Hearts," "The Jack of Hearts," "The Telephone Man" and others equally unique. These personages have been very skillfully brought into juxtaposition, and the author has provided material for them to work upon, which is altogether rational and which serves to keep the audiences constantly interested and amused. Also an admirable score has been supplied, which

contains many striking "catchy" and delightfully tuneful melodies, and it is all rendered in a highly praiseworthy manner. Indeed, the charm of the music of "The Land of Nod" is one of its chief delights. It is all of the popular "jingling" sort, which is so quickly caught that almost everybody in the audience is whistling or humming it on the way home after the performance. "The Land of Nod" is the character of entertainment which most people heartily enjoy.

Here's to St. Valentine!

What an altogether comfortable and satisfactory a personage good St. Valentine is! Not a bit one's idea of the saint, in an austere and ascetic sort of atmosphere, he. Almost as good a gaily toilet as our dear old St. Nicholas himself. Perhaps we are made more aware of his power as a pleasure-producer this year than ever before, because of the rather dreary monotony that has been pervading things social. All sorts of "financial stringency" microbes have been lurking about to induce an epidemic of social depression, to which most everybody has yielded readily, willing and unwilling victims. So the coming of St. Valentine with his gala week has been peculiarly cheering. Of course, he did not work alone. He used the presence of a number of attractive out-of-town girls to aid him, clever old sly that he is. He did not want to court defeat, so gave hostages to fortune. He knew the combination of charming visitors, himself and Dan Cupid, not to mention Leap Year, would be all-conquering.

THE OLD SCRATCH.

How the Evil One Came to Be Popularly Known as "The Old Scratch."

One of the many familiar names of his satanic majesty is "The Old Scratch." It is undoubtedly due to the fact that scratching is so disagreeable that people thought it no worse than the evil one. A scarp full of dandruff keeps one scratching all the time; not only disagreeable but considered very inelegant in polite society—as it should be—because one ought to keep the scalp so clean that it does not itch. To cure the scalp of dandruff effectively, use Newbro's Herpicide. It kills the germ that creates the dandruff, which is preliminary to falling hair, and finally, baldness. No other hair preparation kills the dandruff germ. Herpicide also is a very delightful and effective hair-dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.—W. B. McPherson, Special Agent.

Europe. The recital will be held at the Woman's club if it will accommodate the audience, but the place has not been definitely decided as yet.

The club held an election of three of the officers at the meeting on Wednesday afternoon. Three of the positions are filled in March and three in October. Mrs. Hubbard S. Wells was elected president; Mrs. Hal S. Corbett, vice-president, and Miss Newell, recording secretary.

Mrs. Cunningham Entertains for Guests.

Cunningham, of the Cochran Apartments, entertained very charmingly last evening in honor of her house guests, Miss Margaret Cunningham, of Mexico, Mo., and Miss Frances Frost, of Vandalla, Mo. It was a Valentine social and featured the spirit of the day most delightfully. The rooms were effectively decorated with potted plants and hearts. A number of the guests appeared in comic costume in honor of the day. Refreshments were served in a very novel and amusing style, carrying out the spirit of the occasion. Comic valentines were given as souvenirs. The guest list included: Mr. and Mrs. Harrison Harmon, Mr. and Mrs. Carl L. Faust, Mr. and Mrs. Wilbur W. Seera, Mr. and Mrs. William V. Green, Mr. and Mrs. John F. Covington, Mr. and Mrs. John U. Robinson; Misses Margaret Cunningham, Mexico, Mo.; Frances Frost, Vandalla, Mo.; Margaret Park, Clara Park, Nell Kirkland, Sophia Kirkland; Messrs. Ross Bell, Julius White and Rankin Kirkland. A flash-light picture was made of the guests during the evening.

Miss Sights Hostess at Pretty Valentine Party.

Miss Ethel Sights entertained a number of the younger set very delightfully on Friday evening at her home on Jefferson street, in honor of St. Valentine's day. The house was effectively decorated for the occasion and a gay party, where fortunes were told, was a feature of fun. Miss Corina Grundy impersonated the gypsy fortune teller and read the future from cards in a very realistic manner. An orchestra played during the evening and dancing was enjoyed. Ice cream and cake were served in an attractive way. Present were: Misses Mary R. Jennings, Ellen Boswell, Elizabeth Boswell, Lucille Hart, Martha Cope, Grace Hills, Helen Van Meter, Gladys Coburn, Marguerite Carnegie, Lillian Abbott, Sarah Corbett, Mamie Bower, Katherine Donovan, Almee Grayfuss, Lucille Well, Ethel Sights, Saides Smith, Nella Hatfield, Messrs. Mrs. W. B. Mills, 2000 Jefferson boulevard, entertained two tables of cards very informally on Thursday afternoon in compliment to Miss Margaret Sanders, of Lebanon, Tenn., an attractive visitor in the city. The house was prettily decorated with red carnations and the tables were daintily set. The prize was won by Miss Rosina Thomas, of Athens, Ga. An attractively appointed course-lunch was served after the game.

Mr. and Mrs. James A. Young to Present Play.

The Grace Church Guild is arranging to give a play on February 24, under the direction of Mr. and Mrs. Jas. A. Young, who are now the guests of Mrs. Young's mother, Mrs. S. H. Clark at Ninth and Clay streets. Mrs. Young, who is Lillian Lancaster in the stage world, was formerly Miss Flora May Clark, of Paducah, and is a member of Grace Episcopal church and always interested in it. Mr. Young is also an actor of decided talent and has played in Paducah. The play is entitled "Scenes or the Violin Maker of Cremona." Mr. and Mrs. Young will be assisted by a cast of local talent and it is possible that the play will be put on at the Kentucky theatre.

Valentine Entertainment of Magazine Club.

Mrs. Edward H. Bringham was hostess to the Magazine club on Thursday afternoon at her home, 620 Kentucky avenue. The Valentine idea was prettily carried out in many of the features of entertainment. The parlor and library were effectively decorated with red hearts, pinned to the curtains and depended from the chandeliers. Red carnations were used throughout the rooms in pretty vases. The luncheon was a charming emphasis of the Valentine and red motif. Hearts with clever verses were pinned to the napkins. The beaten biscuits and sand-

EASY MONEY

MAN FROM KALAMAZOO TELLS HOW TO DO IT.

Anyone Can Make Some Easy Money

If They Will Only Follow This Man's Advice.

There is no denying the fact that the musician's life is an easy one, and it is getting more so every day. They are well paid and well treated, they are justly due them. There is no other trade which compels you to pay for your experience. When you start to learn any other profession you receive a salary right from the start. Not so with the musician. He must pay for his knowledge, and it is only right that he should receive good pay for his services afterward. Would you like to be a musician? You can. All you have to do is give a few moments of your spare time each day to practice.

There is no one who has not some talent for music. Some have more than others. They make artists. You may make an artist.

ON INSTALLMENT HOUSES LICENSE IMPOSED BY COURT

Until Monday morning the Rhodes-Burford Furniture company will have to pay \$50 license to the city for conducting an installment house and general furnishing business, or, if the counsel for the defense wishes, Judge Cross will assess a fine large enough to appeal the matter to the circuit court. The furniture dealers of the city, who conduct an installment business on the side, wished it decided whether they were liable to the license of \$50, and Bob Hicks, license inspector, had the warrant issued against the Rhodes-Burford Furniture company to test the validity of the ordinance. Police Judge Cross held that the firm is liable for the license, and gave the defense until Monday for an arrangement to carry it higher.

W. A. Berry represented Rhodes-Burford Furniture company and his statement was that 57 per cent of the business of the firm is cash; only 20 per cent of the remaining portion was on the installment plan. Whether a firm doing only a small installment business as an accommodation is to be charged the \$50 license is the question, and Judge Berry argued that the intent of the legislators was not to that purpose.

Prosecuting Attorney Arthur Martin based his argument on the clause in parenthesis of the ordinance that a firm paying the \$50 license is excused from the regular \$10 license for a general merchant, and that the intent of the legislators is to cover this particular case when a firm does not devote itself exclusively to the installment business. After the arguments Judge Cross sustained the prosecution and continued the case until Monday before assessing the fine so the case may be carried to a higher court or dismiss the case when a license is taken out.

DIED IN HOVEL

LEAVING FORTUNE ESTIMATED AT \$150,000.

Estate of John McMillin Will Go to Daughter, Now a Resident of Kansas.

Chattanooga, Tenn., Feb. 15.—Possessing a fortune of at least \$150,000, John McMillin, aged 86 years, died this morning in a hovel in the outskirts of Chattanooga. He had for years lived in apparent poverty, being seen on the streets at infrequent intervals. When away from his shack he invariably carried a chip market basket, which, it has been learned since his death, contained cash and papers worth over \$100,000. At one time he owned a great deal of real estate, but six years ago his son committed suicide, after which the old man converted most of his property into cash. So far as known he left no will, and the fortune will go to his only daughter, Mrs. James McCullage, of Rose Hill, Kas.

It is learned that he had on deposit in Knoxville banks about \$60,000, \$8,000 in Athens, Tenn., and at least \$40,000 in this city. His papers are valued in the neighborhood of \$50,000.

McMillin was a staunch believer in the teachings of the late Robert G. Ingersoll, and devoted most of his time in late years to the study of his writings. He was a native of Portage county, O.

The docket this morning was: Breach of ordinance—Rhodes-Burford Furniture company, continued until Monday. Breach of peace—Bob Bailey, colored, \$30 and costs. Petit larceny—Lem McChesney, colored, held to answer and bail fixed at \$100.

The court of appeals has affirmed the decision of Special Judge Thomas Crice in the suit of Samuel Given against C. E. Gridley and wife, which was decided in favor of the defendant by both courts, sustaining the claim of the Gridleys that Given gave them five shares of stock in the Driskill Post Angus company, outright, rather than pledging them with Gridley to secure a loan as claimed by Given. The stock recently sold for \$1,750.

An Ocean Mystery.

A dispatch received at the Maritime Exchange from Captain Carman, of the British steamship Raphael, at Montevideo, on her way from Callao to Liverpool, says that while she was passing through the Straits of Magellan on the night of November 15 she noted a bonfire on Straggler's Island, a small, uninhabited place. Her machinery was deranged and she could not stop to find out what the fire meant, but the impression of her skipper was that shipwrecked persons were making an effort to attract attention. Several sailing vessels, including the American four-masted

steel ship Arthur Sewall, and the American bark Adolph Oberg, have not been heard from in many months and are supposed to be lost. It is thought not unlikely that the ship's company of one or the other of these missing craft may have been the castaways who built the bonfire. Admiral Evan's battleship fleet, which will go through the straits, will be asked to look out for shipwrecked crews.—New York Sun.

Roy Patterson, the boy wonder, who has been a member of the White Sox club ever since 1900, will be sold to the Minneapolis club this year.

PROSPEROUS DAYS FAST RETURNING

Retail Business of the West and
South Practically Has Recovered
From October Crash.

TRADE IN ITS OLD CHANNELS.

Washington, D. C., Feb. 15.—It would be a foolish thing for any one to say that the effects of the October panic have entirely disappeared. This is far from being true. Such a financial convulsion leaves a trail behind it of commercial inconvenience if nothing more, which often lasts for months.

The banks of the country cannot suspend cash payments and resort to irregular paper credits without causing a severe wrench to the financial system. No one knows this better than the government people, who have been watching the situation with more than official care. At the same time, not to be too optimistic, it is just as well for the country to understand that the so-called panic of October was not a real panic at all, and that the reports now received by half a dozen different departments of the government all tend to show not only that confidence has been restored, but that trade is coming back to old channels with every prospect of an immediate return of distinct prosperity.

Indications of Improvement.

There are several different indications which are almost infallible barometers as to commercial conditions. Postmasters are beginning to order more stamps than they did before. In many offices the money order business has picked up decidedly. Country postmasters are reporting a large cancellation of stamps and larger sales generally. In the treasury department there are indications of a

revival of all industries covered by
the internal revenue law.

When hard times come, even
though they be temporary, the prudent
man shuts off on his luxuries.
There is a diminution in the use of
beer, wine, whisky, cigars and tobacco.
It takes some time for the di-
minished demand to make itself felt
in the internal revenue receipts, so
that the dropping off of this branch
of the government income often
comes some time after the original
cause.

In the same way receipts do not
begin to pick up immediately, because
tobacco men, distillers and brewers
naturally wait for an increased de-
mand before they put on steam again.
The reports all indicate, however,
that the people are over their fright
and are beginning to spend money
for luxuries once more.

The best indication of returning
prosperity is derived from a series of
reports, some of which are official and
some coming from newspaper sources.
The treasury officials, special agents
of the department of commerce and
labor, postoffice people, and other
representatives of the government
who come in contact with the com-
mercial world and especially the sub-
treasury, are all reporting that there
has been a sudden and significant
revival of business activity. This does
not mean a boom in stocks and not
the return of money to speculative
channels. The brokers and bucket-
shop touts are as hungry as ever.

Wall Street Had the Money.
Immediately after the financial
crash of October there was a partial
paralysis of legitimate business opera-
tions. The banks had suspended
cash payments, largely, if not entirely,
impelled to that course by the fact
that New York banks and trust com-
panies had put all of their surplus
funds into Wall street and had nothing
whatever left for legitimate busi-
ness. The suspension of cash pay-
ments frightened a great many per-
sons. They thought it was the begin-
ning of a general crash. The large
stores, as a matter of necessity, hoarded
their cash receipts to meet their
pay rolls. People did not draw out
money from the banks because they
could not get it, but they took good
pains not to put any in. Jobbers and
wholesalers under such conditions
were afraid to make any obligations

they might not be able to meet. The
result was a general depression in the
wholesale trade which was as unde-
sirable as it was unfortunate.

About the same time the retail
buyer began to refrain. He did not
know what was ahead of him and he
naturally curtailed his purchases.
The result was immediately felt in
the large stores and department
houses, while the falling off in many
of the small order houses indicated a
similar caution on the part of coun-
try customers. This condition lasted
until after New Year. According to
reports received here it continued
until about the time the banks re-
sumed cash payments.

Within the last few weeks there
has been a sudden and unmistakable
rush of business all over the country.
Wholesalers and jobbers in New York,
Chicago, St. Louis, San Francisco and
other cities have almost been en-
gulfed by the suddenness of the
movement. Buyers are in all the com-
mercial centers from the country
towns and commercial travelers who
were taken off the road a few months
ago are hastily packing their trunks
and hustling to get out to their terri-
tory once more.

Impetus From Retail Trade.

The impetus, it is believed, comes
from the retail trade. That is the
healthiest possible sign. Instead of
there being an overproduction at the
present time there are reduced lines
of stock among all the jobbers and
manufacturers' agents and part time
work in great percentage of the fac-
tories themselves.

As near as can be figured out, the
great mass of the people were first
to have their confidence restored. The
resumption of cash payments and
demonstration in face of the severe
financial disturbance, that the great
mass of the banks had proved them-
selves to be absolutely sound con-
vinced the people that there was noth-
ing to fear for the future, and that
there has been clearly reflected in the com-
mercial events of the last two or
three weeks.

Indeed, there is no reason to be-
lieve the suspension of cash payments
was practically the only reason for a
reduction in the volume of retail
business. The people could not get
money to buy with and so they did
without until money was forthcoming.

The Salvation Army.

The Salvation Army in the United
States has 13,000 officers, 7,000 mis-
sions, 50,000 bandmen and 10,000
local officers. Last year the army in
this country acquired property to the
value of \$250,000, and in the last
three years, under the splendid man-
agement of Commander Miss Evange-
line Booth, over \$2,000,000 has been
acquired. This is doing pretty well
for an organization that depends solely
on the voluntary contributions of the
public, and that lives from hand
to mouth, spending every dollar that
comes in, and as fast as it is received.

JEW-SLAYERS

RUSSIAN RULER CALLS PRO-
GROM ORGANIZERS HEROES.

Pardons By Wholesale—Convicted
Mob Leaders Indifferent to
Sentence.

Berlin, Feb. 15.—Startling allega-
tions of the czar's complicity in the
programs which for the last two or
three years have led to the massa-
cres of hundreds of Jews in vari-
ous parts of Russia have reached the
German Jewish Relief league from
what are believed to be trustworthy
sources.

Sentences Not to Be Enforced.
It is stated that at an audience he
granted recently to Count Konow-
nitzyn, leader of the Odessa branch
of the "Genuine Russians' union," the
czar said:

"It is true the courts, in accordance
with the strict letter of the law, have
had to convict certain leaders of the
anti-Jewish mobs, but I give you my
imperial word that none of the sen-
tences against these heroes shall be
carried out."

Policy in Accord With Speech.
The czar's policy has accorded per-
fectly with his speech. He has issued
pardons by the wholesale, within a
short time, to men convicted of lead-
ing anti-Semitic outbreaks.

Men recently on trial for organiz-
ing programs in Orscha shouted to
the judges: "Sentence us to any-
thing you please; the czar is our pro-
tector."

Be Sure

Do not trust too much to your own judg-
ment in medical matters. Consult your
doctor frequently. He knows best.

Hard colds, hard coughs, severe bronchitis,
weak throats, weak lungs. We wish you would
ask your doctor if he knows of anything better
for these troubles than Ayer's Cherry Pecto-
ral. We believe it is the best medicine you
could possibly take. But ask your doctor, and
thus be sure to make no mistake.

Nearing the End.

Joe Lincoln, whose Cape Cod folks
are well-known characters, recently
attended a lecture. When asked how
he liked it, he related this little story:

A stranger entered a church in the
middle of the sermon and seated him-
self in the back pew. After a while
he began to fidget. Leaning over to
the white-haired man at his side, evi-
dently an old member of the congre-
gation, he whispered:

"How long has he been preach-

ing?"
"Thirty or forty years, I think,"
the old man answered. "I don't know
exactly."

"I'll stay, then," decided the
stranger. "He must be nearly done."

MANSION HOUSE

BILL AND STATE FAIR ALLOW-
ANCE PASS SENATE.

Measure to Amend Auditor's Agents
at Large is Proposed.

Frankfort, Ky., Feb. 15.—The bill
providing for an appropriation of
\$50,000 for a new governor's man-
sion here, and one providing for an
appropriation of \$40,000 for the state
fair buildings, were adopted by the
senate.

State Auditor's Agents.

The revenue and taxation com-
mittee of the senate believes that it has
at last secured a bill which will prove
satisfactory to all who are objecting
to the present auditor's agents' law
and want it repealed. A sub-commit-
tee was named to draw up a measure,
and it has agreed upon one which
eliminates all auditor's agents for the
state at large, but provides that there
shall be one appointed for each coun-
ty, and he must be a resident thereof.
It is believed that such a bill will
eradicate the majority of the objec-
tionable features for the present law.
The Combs bill exempting from
taxation property which is owned by
non-residents and which pays taxes
elsewhere, was agreed to by the sen-
ate committee on revenue and tax-
ation and will be reported favorably.
The bill is intended to prevent the
removal from the state of personal
property which is held by trust estates
or others who would avoid the pay-
ment of heavy taxes in this way.

For Tuberculosis Hospital.

The senate committee on charitable
institutions decided to report favor-
ably the bill appropriating \$75,000
for the erection of a tuberculosis hos-
pital at some point in the state to be
selected by a commission to be named
by the governor and appropriating
\$20,000 a year to maintain it. The
citizens of Lexington want the pro-
posed hospital located there and if the
bill passes will try to have that city
selected as the place for it. The
same committee reported the bill
which has passed the house appro-
priating \$30,000 to the Children's
Home society.

The education committee on the
senate spent some time in considera-
tion of the Watkins school book bill,
which is designed to permit other
companies than the American Book
company to bid for furnishing the
books to the common schools of the
state. The committee took no action
on the measure last night.

Stearns County.

The house committee on city and
county courts will take final action to-
day on the bill to create the new
county of Stearns. A number of
prominent residents in the section in-
volved are here to oppose or favor
the bill before the committee.

A HARD YEAR FOR SUFFERERS

A Noted Authority Gives Ad-
vice to Prevent and Relieve
Catarrh of All Kinds.

A SIMPLE HOME RECIPE

The coming months will be a har-
vest for the doctors and patent medi-
cine manufacturers unless great care
is taken to keep the feet dry, also
dress warmly.

This advice should be heeded by all
who are subject to rheumatism, kid-
ney and bladder troubles, and espe-
cially catarrh. While the latter is con-
sidered by most sufferers an incur-
able disease, there are few men or wo-
men who will fail to experience great
relief from the following simple home
prescription, and if taken in time it
will prevent an attack of catarrh dur-
ing the entire season.

Here is the prescription which any
one can mix: Fluid Extract Dande-
lion, one-half ounce; Compound Kar-
gon, one ounce; Compound Syrup
Sarsaparilla, three ounces. Shake
well in a bottle and use in teaspoon-
ful doses after each meal and again
at bedtime.

The Compound Kargon in this pre-
scription acts directly upon the elimi-
native tissues of the kidneys to make
them filter and strain from the blood
the poisons that produce all forms of
catarrhal affections. Relief is often
felt even after the first few doses and
it is seldom that the sufferer ever ex-
periences a return attack within the
year.

This prescription makes a splendid
remedy for all forms of blood disor-
ders and such symptoms as lame back,
bladder weaknesses and rheumatism
pains are entirely dispelled.

As this valuable, thought simple,
recipe comes from a thoroughly re-
liable source, it should be heeded by
every afflicted reader.

The Vicksburg Team.

Concerning the Vicksburg, Miss. Cotton States league team, which Lee Hart and Ziba Williams will join, a dispatch says:

"Manager Blackburn is busy sending off transportation for the men to report here about March 10, as the Chicago world's champions come here about that time for a period of two weeks' training, and Manager Blackburn wishes to get some good practice for the home team by putting the boys up against the Cubs.

"Vicksburg is going to be strong on the firing line this season. Manager Blackburn has said that he intends to let nothing stand in the way of getting the very best that money can buy in the pitching business, and to this end he already has signed the following middle class stars: Goodwin, Hart, Burstein, Kahane, Taylor, Kidd and Peaster. Blackburn himself is also an all-round man, and will pitch a great deal during the season. The rest of the line-up for the season, as far as now known, will be: Catchers, Krebs and Jolly; infielders, Herold, Rustle, Middleton, Hickman, Carlin, Cavanaugh, Toner, Redmond; outfielders, Manush, Williams, Jolly or Krebs, Nichols. Trades are now being considered with Toner, Bishop and Goodwin. Sham Meyers has been engaged for the season to look after the baseball park in this city."

Columbus Knights Coming South.

The party will leave Chicago on Friday, February 28, and return Saturday, March 7. A special train will take the party to New Orleans, where the delegation will be the guests of the Knights of Columbus of that city and will attend the Mardi Gras. The return trip will include stops in Birmingham, Ala.; Nashville, Tenn.; Mobile, Ala.; and other places. There will be about 500 Chicagoans in the party.

Change in State Exemption Law.

Frankfort, Ky., Feb. 15.—The bill amending the law on exemptions in Kentucky is:

"Be it enacted by the general assembly of the commonwealth of Kentucky:

"That upon the concurrence of three-fifths of all the members elected to each house, the yeas and nays being taken thereon and entered in full in their respective journals, Section 170 of the constitution of Kentucky be, and is, amended by adding thereto the following words: 'And all newly constructed railroad mileage for a period of five years from the date of the completion thereof,' so that said section when thus amended will read as follows:

"There shall be exempt from taxation public property used for public purposes, places actually used for religious worship, with the grounds attached thereto and used and appurtenant to the house of worship, not exceeding one-half acre in cities or towns, and not exceeding two acres in the country; places of burial not held for private or corporate profit; institutions of purely public charity and institutions of education not used

or employed for gain by any person or corporation, and the income of which is devoted solely to the cause of education; public libraries, their endowments, and the income of such property as is used exclusively for their maintenance; all parsonages or residences owned by any religious society and occupied as a home, and for no other purpose, by the minister or any religion, with not exceeding one-half acre of ground in towns and cities, and two acres of ground in the country appurtenant thereto; household goods and other personal property of a person with a family not exceeding \$250 in value, crops grown in the year in which the assessment is made and all newly constructed mileage for a period of five years from the date of the completion thereof, and all laws exempting or commutating property from taxation other than the property above mentioned shall be void. The general assembly may authorize any incorporated city or town to exempt manufacturing establishments from municipal taxation for a period not exceeding five years, as an inducement to their location."

River stage 32.0, a rise of 1.8 from yesterday morning to this morning.

Rivermen say that last night was one of the worst they have seen on the river in months. A great deal of trouble was experienced by deck hands in keeping the boats tied to the moorings. The heaviest part of the storm was between the hours of 2 and 4 this morning. Several skiffs, that were tied to the wharfbord, were sunk. At the dry dock men were working at the pumps all night, and others were watching the lines so as to keep the boats from being blown out in the river. The cook on the Fannie Wallace was unable to get breakfast this morning, the boat was rocking so much that he couldn't keep anything on the stove. The coffee pot and skillets slide to the floor. The crew had to dig around and get breakfast as best they could.

The Dick Fowler did not make her trip to Cairo this morning on account of not being able to get coal and the rough river. She will not make a trip till Monday.

The Joe Fowler arrived from Evansville at 7:30 this morning. She was due yesterday. The John S. Hopkins will not get in from Evansville today.

The Chattanooga is due out of the Tennessee tomorrow night.

The Lula E. Warren arrived from

the Tennessee yesterday afternoon, light.

The Scotia arrived from Cairo yesterday and went up the Tennessee after a tow of ties and lumber.

The Buttermilk left Nashville today at noon and will arrive late tomorrow evening.

The Georgia Lee left Memphis at noon today for Cincinnati. She is due here Monday afternoon.

Capt. George W. Lee has been elected secretary to fill the place of the late Joseph B. Flash in the Marine Engineers' Beneficial Association, No. 24.

The Kentucky will leave tonight for all points up the Tennessee to Riverton, Ala. She has a good trip of freight on board.

The Inverness will leave for the Tennessee after low bank ties if the river calms.

Rainfall yesterday was 1.40 inches and from 1 o'clock yesterday morning was 3.10 inches. Since Sunday, 3.81 inches.

Official Forecasts.

The Ohio at Evansville and Mt. Vernon will continue falling during the next 24 to 36 hours. At Paducah and Cairo will continue rising for several days, passing 34 feet at Cairo.

The Tennessee from Florence to the mouth will continue rising for several days.

The Mississippi from below St. Louis to Cairo will continue rising for two days.

The Wabash at Mt. Carmel will continue rising for three or four days. A stage of between 19 and 20 feet is at present indicated for Mt. Carmel.

Hardware Men.

Louisville, Ky., Feb. 15.—The three days' session of the members of the Kentucky Retail Hardware and Store Dealers' association came to a close with a banquet at the Galt house. J. E. Grubbs, of Winchester, was elected as the head of the association. J. M. Stone, of Sturgis, became the new secretary. The other officers elected were: First vice president, George A. Cabbage, of Leitchfield; second vice president, B. J. Denham, of Danville, and treasurer, Adam Stettler, Jr., of Owensboro. The association will meet here in 1909.

RAILROAD NOTES

Practically the same force that was employed at the shops last Saturday is at work this morning, the locomotive shops running full force as indicated in The Sun yesterday. The number of loaded cars repaired in the car department continues to increase while there is an abundance of work to be done on empty cars that are on the repair tracks, but under the present system of retrenchment no hurry is made to repair cars that are not in demand. With a revival of business in the spring, a larger force and longer hours will be required to handle the business, and what the men are losing now will be won back with the advantage of spring weather in which the work can be done.

Passenger train No. 103, from Louisville, was three hours and thirty minutes late this morning, arriving at Paducah at 7:30. The delay was caused by bad connections with the B. O. S. W. at Louisville. Both the Cairo train and the Louisville accommodations were a few minutes late, missing the mail connections with the N. C. & St. L.

Master Car Builder T. M. Baughan, who has been quite ill of the grip at the hospital, is improving. The pay car came in from Mounds today at 10 o'clock and will stay in Paducah until night. The employees were given their checks from the car windows. But few garnishments were reported by the railroad officials this month, fewer than is usual when "times" are much better and the payroll much larger, which goes to show that the employees are not in such bad shape financially as might be expected.

The Order of Railway Telegraphers will hold a meeting at Fulton tomorrow.

We are all apt to substitute candor with the faults of others for honesty with our own.

WICKLIFFE PRISONER WAIVES EXAMINATION.

William Lett, colored, charged with bootlegging, waived examination this morning before Armour Gardner, United States commissioner, and Lett's bond was fixed at \$100. He went to jail, but hopes to give bond this evening. Lett was arrested Wednesday night at Wickliffe by Elwood Neel, deputy United States marshal, where he was disposing of liquor without giving Uncle Sam his license fee, it is said.

Appeal to Farmers.

New Castle, Ky., Feb. 16.—In an appeal to the farmers of Henry county who wish to grow tobacco in 1908, County Judge H. F. Hill urges them to attend an anti-Equity society meeting here on February 22. His appeal is as follows:

"I appeal to the men of Henry

county who wish to grow a crop of tobacco to come to New Castle February 22. The situation is acute. The demand that no crop be grown in 1908 is unlawful, immoral and inhuman. It cannot be heeded, ought not to be heeded and will not be heeded.

"More men will be ruined, more families be beggared by not raising a crop than belong to the Society of Equity, and they are the poor, the weak, the helpless! As a rule, the members of Equity are strong. They do not need a crop. They own farms, have herds of cattle, horses, mules, sheep and hogs. A majority of them never knew what it is to really want a dollar.

Catcher Sam Brown of the Boston Nationals is slated for a transfer by the Boston Nationals. Sam is too slow moving his feet and his mind to suit Manager Kelly and President Dwyer.

In accordance with the above resolution, the Public is hereby notified that the same becomes effective March 1, 1908.
